Game
Initially students participate in full or modified games. At this stage formative assessment takes place.

Game Appreciation
Students are given the chance to enjoy the experience of learning through game play.

Tactical Awareness
Through game play students are encouraged to identify attacking & defending strategies and implement successful tactical action.

Skill Execution
Do the students have the ability to convert their decisions into actions? Can they execute the correct skill to enable their team to succeed?

Making Appropriate Decisions
In dynamic situations make real time decisions. These could be with or without the ball.

Performance
Students take part in a full or modified game applying all new knowledge and skills. This is the time for summative assessments.

What Should I Do?
How Should I Do It?
